Objective

Enthusiastic and detail-oriented **Web Developer** with a strong foundation in front-end and back-end technologies. I am a recent graduate with hands-on project experience in creating responsive websites and applications. Eager to apply technical skills, creativity, and problem-solving abilities to contribute to a dynamic development team.

Skills

- **Front-End:** HTML, CSS, JavaScript
 - **Back-End:** PHP, Node.js
 - **Database:** MySQL, Firebase
 - **Other Tools:** Git/GitHub, Android Studio, JSON, WordPress
 - **Soft Skills:** Adaptability, Communication, Problem-Solving, Time Management
-

Education

Information and Communication Technology

Sto. Niño National High School — 2023-2024

Academic Projects

- **Portfolio Website** – Built a personal website to showcase projects, using HTML, CSS, and JavaScript.
 - **QR Attendance App (Self Proposed Project)** – Developed a mobile/web application for attendance tracking using QR scanning, SQLite/Firestore integration.
 - **E-commerce Website** – Created a responsive e-commerce platform with product catalog, shopping cart, and checkout functionality.
-
